

Mobile DENTIST 6 mt.

Air Conditioning

- Powerful cooling and exceptionally high air output of 2400 W
- Maximum efficiency in heating and cooling operations
- Extremely lightweight
- Sleep function for quieter interior cooling and reduced exterior noise
- Retrofitting is very quick and easy

Model : Aventa comfort

Technical Details;

Power supply	: 230 V - 240 V, 50 Hz
Cooling power (W)	: 2400
Cooling power (BTU)	: 8200
Power consumption (230 V)	: 4,2 A
Heat output (W)	: 1700
Current consumption Heater (230 V)	: 3,7 A
Start-up current	: 28 A (150 ms)
Weight (plus installation materials)	: 33 kg
Dimensions external unit(W x H x D)	: 1008 x 660 x 248 mm
Dimensions air distributor (W x H x D)	: 670 x 523 x 46 mm
Roof cut-out (W x H)	: 380 x 350 mm / 400 x 400 mm

Generator

5 kVA-230 V

Super silent / Fuel efficient / Electric start

Ideal for home back-up power and outdoor events

Inverter : stable power for computers and sensitive appliances

Click here for maintenance and repair.

Model	: EM 65 İS
Engine model	: GX 390
Engine type	: 4-stroke gasoline, single cylinder, air cooled
Bore x Stroke	: 88x64 mm
Displacement	: 389 cu.cm
Ignition system	: Full transistorized
Starting system	: Electric
Fuel tank capacity	: 17 Liters
Continuous running time	: 4,7 hours
Fuel consumption	: 3,62 Liters/hour
Oil capacity	: 1,1 Liters
Noise level	: 69 dBA
Frequency	: 50 Hz
Voltage	: 230 V
Max. AC output	: 6,5kVA
Continuous AC output	: 5,5 kVA
Continuous current output	: 25 A
DC output	: 12V - 10A
Phase	: Single phase

Cassette Awning

- With its extension capacity of 400 cm,
- Cassette awning is ideal for those who are looking for more shade.
- The cassette system is larger and more resistant , protects the awning fabric and working mechanism from the negative effects of natural conditions.
- Cassette awning can be operated only with a remote control.
